

**To order your Practice Profile:
print this page and mail the request form at the bottom.**

Practice Profile webpages

RIACS members are eligible to have customized webpages linked to the RIACS website. These optional "Practice Profile" pages provide the public with supplemental information about your practice when they access the "Directory of Surgeons" on the site. Your Practice Profile can include details of your specialty, subspecialty or practice focus; practice philosophy and additional services; directions to your offices with MapQuest links; hospital affiliations, insurance accepted, languages spoken, any other pertinent information, and you may provide photos if you wish.

One-time Setup Charge

Your customized Practice Profile can be added to the site for a one-time setup charge of \$75 for individual profiles, and \$125 for groups with two or more members. Your Profile will remain as part of the site as a benefit of your RIACS membership. (Prices for revising an existing Profile will be quoted on an individual basis, at a reduced rate for members.)

Providing content

If you are interested in having a Practice Profile webpage, a Microsoft Word 6.0/95 document will be sent to you as an email attachment. Simply edit the document to customize the information, and return it to our web designer, Marianne Migliori, for processing. If you have any questions, you may contact her at MiglioriDesign@cox.net.

I/we are interested in having a Practice Profile on the RIACS website.

Physician(s) _____

Email address _____

___ Individual Practice (\$75) ___ Group Practice (\$125)

Please make your check payable to our web designer: "Marianne Migliori Graphic Design"
*Mail this **form** and your **check** to: Migliori Design, 392 Rochambeau Ave, Providence RI 02906*
